All -

I just wanted to notify all of you that starting tomorrow at 0600 hours, we are being placed on tactical alert. All regular days off have been cancelled and we will be working 12-hour shifts (0600-1800 and 1800-0600). No vacations were cancelled. Should you need any assistance or have any information about planned protests, I would appreciate the information so we can call for additional assistance from our Division in Redding if needed.

We are proud to be your partners in Humboldt County and if we can be of any assistance to you, please do not hesitate to contact me.

Respectfully -

FYI commanders,

Please see the attached screen shots regarding possible ANTIFA buses headed to Redding. Please see the email string below, these buses could be wandering around Northern Division. ENTAC has been notified and a SAR created as they crossed state lines. Air Ops is currently up trying to locate them on I-5 if possible. 10-39 to our allied agencies here in Redding as well.

Info only: CHP Dorris Resident Post units (near Klamath Falls, Oregon, on US-97) were advised by Oregon State Police that similar busses stopped in Klamath Falls last night. They were met by 100+ locals who were armed with long rifles, shotguns and pistols, wearing blue arm bands (to be recognized by police as friendly) to deter violence in their city (verified by Sgt. Maurer, who resides there). The busses subsequently decided to go elsewhere. The thought is these busses are roaming —looking for events to attend (and possibly cause problems). SF

If you choose to be apart of protests that is your constitutional right.

BE AWARE

I have heard, from a reliable source, that ANTIFA buses with close to 200 people (doemstic terrorists) are planning to infiltrate Redding and possibly cause distraction and destruction. They were in Klamath Falls, OR yesterday and are touring around.

I sincerely hope this isn't true.

This is meant to inform and not to spread fear. I believe this is a paid organization designed to create chaos.

Do not engage in violence.  
Do not be apart of the problem by getting caught up in the moment with instigators.

This is one of the vans that came into Klamath Falls couple days ago. and, lo and behold, we had a protest in Klamath Falls tonite and were told 2 buses were coming from Portland and were going to riot and burn. Word got out and the populace of the area showed up in town armed to the teeth. Never seen so many AR-15s. Buses did in fact show up, but there was no rioting or burning as they decided to move on. Anyway, I said that to say this. Redding is the next large community south of here. The van was seen going thru the Ag Station in Dorris headed south. Might want to keep an eye out for it.

Confirmed with CHP that the bus is currently in Redding. They have surveillance team assigned to monitor the activity. If they head west, they will let us know.

Sam!

So I have to ask two things, and I don't know if you or the Sheriff can follow up, but I believe these to be worthwhile and valid follow-up questions.

1. The Sheriff said that there were "members of Antifa" involved in last weekend's protests here in Eureka. But what is a "member" of Antifa? How do you define that? How do you determine who is a member of Antifa and who is not?
2. The Sheriff said that there were "confirmed, law enforcement reports" of Antifa being bused to Southern Oregon and the Central Valley. Which law enforcement agencies reported that? Do you know how they confirmed these things? Certainly the rumored buses never arrived.

Dear Sherriff Honsal,

You are reported as saying the following:

“Well, Antifa was here this weekend. There’s members of Antifa dressed up, you know, and trying to instigate incidents here. I’m thankful that there was only minor instances of vandalism and violence. We did have reports, substantiated law-enforcement reports, that said that Antifa did have people in buses that were in southern Oregon and in the Central Valley, and so we do keeping track of that. So these are not unsubstantiated stories. This is the reality, and we have to deal with that. And there are people that are in our area that want to just disrupt things and want to cause violence. And so we have to be cognizant of that, and so I don’t necessarily think its wild and unsubstantiated reporting.”

Similar things are being said about antifa by The President and leaders all over the country. These things are being said WITHOUT A SHRED OF EVIDENCE given to support these claims.

I did a search and I was unable to find any instance of a person indentified by law enforcement as antifa, (or self-identifying as antifa), wanted by law enforcement, arrested or charged since the George Floyd killing. The closest I came was the arrest of Brian Bartels, who is assumed to be antifa by the public because he was wearing a mask with a probable antifa symbol on it. No one in authority or law enforcement has confirmed that he is antifa.

I’m a doctor, but you don’t have to be a doctor to know that you can’t treat a disease if you misdiagnose the cause. You and other officials need to stop making unsourced accusations about who the criminals are and SHOW US THE EVIDENCE.

I condemn violence, I condemn police brutality, I condemn racism and I support the police in their legitimate missions. I WANT MY POLICE TO BE THE BEST!

I have been listening to your public statements, and until now, I have been very favorably impressed. My impression was that you were acting in ways that were measured, balanced, proactive and appropriate. But, by making unsubstantiated claims, you raise doubts about your commitment to the truth.

I call upon you to hold a press conference and disclose what you know

about antifa. Tell us the source, show us the evidence. I and other members of the public have a legitimate right to know, in order to prepare to defend ourselves, and to assist law enforcement in apprehending criminals.

Sincerely,

Dear Supervisor Bass,

I am sending this letter to Sheriff Honsal. I urge you and the Supervisors to act on this issue.

Dear Sherriff Honsal,

You are reported as saying the following:

“Well, Antifa was here this weekend. There’s members of Antifa dressed up, you know, and trying to instigate incidents here. I’m thankful that there was only minor instances of vandalism and violence. We did have reports, substantiated law-enforcement reports, that said that Antifa did have people in buses that were in southern Oregon and in the Central Valley, and so we do keeping track of that. So these are not unsubstantiated stories. This is the reality, and we have to deal with that. And there are people that are in our area that want to just disrupt things and want to cause violence. And so we have to be cognizant of that, and so I don’t necessarily think its wild and unsubstantiated reporting.”

Similar things are being said about antifa by The President and leaders all over the country. These things are being said WITHOUT A SHRED OF EVIDENCE given to support these claims.

I did a search and I was unable to find any instance of a person indentified

by law enforcement as antifa, (or self-identifying as antifa), wanted by law enforcement, arrested or charged since the George Floyd killing. The closest I came was the arrest of Brian Bartels, who is assumed to be antifa by the public because he was wearing a mask with a probable antifa symbol on it. No one in authority or law enforcement has confirmed that he is antifa.

I'm a doctor, but you don't have to be a doctor to know that you can't treat a disease if you misdiagnose the cause. You and other officials need to stop making unsourced accusations about who the criminals are and **SHOW US THE EVIDENCE.**

I condemn violence, I condemn police brutality, I condemn racism and I support the police in their legitimate missions. **I WANT MY POLICE TO BE THE BEST!**

I have been listening to your public statements, and until now, I have been very favorably impressed. My impression was that you were acting in ways that were measured, balanced, proactive and appropriate. But, by making unsubstantiated claims, you raise doubts about your commitment to the truth.

I call upon you to hold a press conference and disclose what you know about antifa. Tell us the source, show us the evidence. I and other members of the public have a legitimate right to know, in order to prepare to defend ourselves, and to assist law enforcement in apprehending criminals.

Samantha, Billy:

Frankly, we are finding this very difficult to believe. Other local police agencies around the West saw through the "Antifa Bus" scare, and there has been a lot of very credible reporting that the rumors of such originated from a fake Twitter account created by a white nationalist group. Twitter itself confirms that the account was fake, and was created by Identity Europa. I sent Sam a couple of stories about this yesterday. Here's another:

<https://www.businessinsider.com/white-nationalist-identity-evropa-twitter-antifa-looting-2020-6>

Can I politely ask you for more details about this California Highway Patrol report you received? When, where, in what form, from which office did you receive it? And what were the verified police reports on these buses from Oregon?

It's important because all across the region armed vigilante groups formed, sometimes with encouragement from law enforcement, on the basis of what is pretty clearly a fraudulent scare designed to incite violence.

This is what we can send to Hank... you can send it.

Good Morning Hank,

Our intelligence networks in Law Enforcement take information from a lot of different sources.

Based on Circulating rumors about Antifa Bus in Oregon, local authorities reached out to the California Highway patrol for more information. The CHP confirmed the reports of a Antifa bus or buses that was consistent with the reports out of Oregon in the Siskiyou and Shasta County areas. I did not receive any credible information about Law Enforcement contacting those individuals or armed citizens contacting those buses. Law Enforcement will continue to share information on radical Groups (right or left) that promote violence in our communities. The Humboldt County Sheriff's did not get reports of the buses here in Humboldt County. Nor did I get reports that people were forming Armed Militias in Humboldt County to deter Antifa.

Sam!

So I have to ask two things, and I don't know if you or the Sheriff can follow up, but I believe these to be worthwhile and valid follow-up questions.

1. The Sheriff said that there were "members of Antifa" involved in last weekend's protests here in Eureka. But what is a "member" of Antifa? How do you define that? How do you determine who is a member of Antifa and who is not?
2. The Sheriff said that there were "confirmed, law enforcement reports" of Antifa being bused to Southern Oregon and the Central Valley. Which law enforcement agencies reported that? Do you know how they confirmed these things? Certainly the rumored buses never arrived.

Hi Hank,

Here ya go-

1. The Sheriff said that there were "members of Antifa" involved in last weekend's protests here in Eureka. But what is a "member" of Antifa? How do you define that? How do you determine who is a member of Antifa and who is not?

**Antifa is a radical group that utilizes violence and chaos to disrupt current society. A member, to our agency, is defined as someone who embraces this ideology and identifies themselves as acting in cooperation or coordination with the group. We were able to confirm that members of Antifa were present during the protest based on law enforcement intelligence, resources and the member's tactics which confirmed that they were present and active during the march.**

2. The Sheriff said that there were "confirmed, law enforcement reports" of Antifa being bused to Southern Oregon and the Central Valley. Which law enforcement agencies reported that? Do you know how they confirmed these things? Certainly the rumored buses never arrived.

**The California Highway Patrol has confirmed with us that buses associated with Antifa were located in the Central Valley. We do not have further information regarding their current whereabouts or how CHP made that confirmation.**

Can I politely ask you for more details about this California Highway Patrol report you received? When, where, in what form, from which office did you receive it? And what were the verified police reports on these buses from Oregon?

It's important because all across the region armed vigilante groups formed, sometimes with encouragement from law enforcement, on the basis of what is pretty clearly a fraudulent scare designed to incite violence.

This is what we can send to Hank... you can send it.

Good Morning Hank,

Our intelligence networks in Law Enforcement take information from a lot of different sources.

Based on Circulating rumors about Antifa Bus in Oregon, local authorities reached out to the California Highway patrol for more information. The CHP confirmed the reports of a Antifa bus or buses that was consistent with the reports out of Oregon in the Siskiyou and Shasta County areas. I did not receive any credible information about Law Enforcement contacting those individuals or armed citizens contacting those buses. Law Enforcement will continue to share information on radical Groups (right or left) that promote violence in our communities. The Humboldt County Sheriff's did not get reports of the buses here in Humboldt County. Nor did I get reports that people were forming Armed Militias in Humboldt County to deter Antifa.

A member, to our agency, is defined as someone who embraces this ideology and identifies themselves as acting in cooperation or coordination with the group. We were able to confirm that members of Antifa were present during the protest based on law enforcement intelligence, resources and the member's tactics which confirmed that they were present and active during the march.**

2. The Sheriff said that there were "confirmed, law enforcement reports" of Antifa being bused to Southern Oregon and the Central Valley. Which law enforcement agencies reported that? Do you know how they confirmed these things? Certainly the rumored buses never arrived.

The California Highway Patrol has confirmed with us that buses associated with Antifa were located in the Central Valley. We do not have further information regarding their current whereabouts or how CHP made that confirmation.

So I have to ask two things, and I don't know if you or the Sheriff can follow up, but I believe these to be worthwhile and valid follow-up questions.

1. The Sheriff said that there were "members of Antifa" involved in last weekend's protests here in Eureka. But what is a "member" of Antifa? How do you define that? How do you determine who is a member of Antifa and who is not?

2. The Sheriff said that there were "confirmed, law enforcement reports" of Antifa being bused to Southern Oregon and the Central Valley. Which law enforcement agencies reported that? Do you know how they confirmed these things? Certainly the rumored buses never arrived.

Good Morning Hank,

Our intelligence networks in Law Enforcement take information from a lot of different sources.

Based on Circulating rumors about Antifa Bus in Oregon, local authorities reached out to the California Highway patrol for more information. The CHP confirmed the reports of a Antifa bus or buses that was consistent with the reports out of Oregon in the Siskiyou and Shasta County areas. I did not receive any credible information about Law Enforcement contacting those individuals or armed citizens contacting those buses. Law Enforcement will continue to share information on radical Groups (right or left) that promote violence in our communities. The Humboldt County Sheriff's did not get reports of the buses here in Humboldt County. Nor did I get reports that people were forming Armed Militias in Humboldt County to deter Antifa.

Can I politely ask you for more details about this California Highway Patrol report you received? When, where, in what form, from which office did you receive it? And what were the verified police reports on these buses from Oregon?

It's important because all across the region armed vigilante groups formed, sometimes with encouragement from law enforcement, on the basis of what is pretty clearly a fraudulent scare designed to incite violence.

I appreciate your candor and do not doubt what you saw.

I think both things could be true, that there are those who hold these beliefs acting (locals to be sure, as well some from out of town), and other provocateurs who may be making false claims in order to further gin up aggressions. I did not share this to suggest you were wrong, only to add additional information to what you already knew.

Hi Samantha,

Thanks for coordinating a statement from the sheriff, I appreciate it.

If the sheriff has room for a follow-up question, I'd like to ask: Given that your office, as you say, "did not get reports of the buses here in Humboldt County," do you stand by your statement from last week's media session that "Antifa was here last weekend — there were members of Antifa dressed up and trying to instigate incidents here"?

Hoping to hear back in the next couple hours. Thanks in advance.

Hi Samantha,

Thanks for coordinating a statement from the sheriff, I appreciate it.

If the sheriff has room for a follow-up question, I'd like to ask: Given that your office, as you say, "did not get reports of the buses here in Humboldt County," do you stand by your statement from last week's media session that "Antifa was here last weekend — there were members of Antifa dressed up and trying to instigate incidents here"?

Hoping to hear back in the next couple hours. Thanks in advance.

Shomik

Hi Shomik,

The Sheriff's is unavailable to talk today but wanted to share the following statement:

Our intelligence networks in law enforcement take information from a lot of different sources. Based on circulating rumors about an Antifa bus in Oregon, local authorities reached out to the California Highway patrol for more information. The CHP confirmed the reports of a Antifa bus or buses, that was consistent with the reports out of Oregon, in the Siskiyou and Shasta County areas. I did not receive any credible information about law enforcement contacting those individuals or armed citizens contacting those buses. Law enforcement will continue to share information on radical groups (right or left) that promote violence in our communities. The Humboldt County Sheriff's Office did not get reports of the buses here in Humboldt County nor did I get reports that people were forming armed militias in Humboldt County to deter Antifa.

## **SECOND UPDATE, June 10, 4:54 p.m.:**

This afternoon the *Outpost* received a call from Captain Stacy Barr, commander of the California Highway Patrol's Arcata office. She said Sheriff Honsal had asked her to reach out to us and relay that her office did receive information "regarding buses coming down from Oregon."

This information came via the CHP's Northern Division office in Redding, Barr said, and it prompted local CHP personnel to notify the county's Emergency Operations Center.

"[We] shared the information about busses coming out of Redding with screenshots from posts online," Barr told the *Outpost*.

We have since submitted a request under the California Public Records Act for copies of those screenshots, along with any other communication about alleged antifa buses. We'll update readers when we hear back.

*As of this morning a PRA has not been submitted to the Sheriff's Office.*

Hello,

I'm a reporter for the New York Times, where I'm writing about an incident in which Antifa allegedly came to Humboldt County, CA during the George Floyd protests a couple of weekends ago. We have seen a briefing in which you've stated, "[Antifa was here this weekend](#)" -- but I just wanted to ask whether you have substantiated this, and whether you have more to add in a statement for us about the incident?

Thank you,  
Davey

Sheriff Honsal:

I am writing to you to express my disapproval of your recent claim that a group of people supposedly associated with Antifa had been on their way to Humboldt County. I thought it was very reckless and irresponsible for you to make this unsubstantiated claim (the CHP stated that they had no indication that such an event was going to happen). This public announcement of an unfounded rumor had the potential, particularly in these times of heightened fear of the "other," to encourage right-wing groups, especially armed groups, to come out of the woodwork and confront innocent citizens, especially peaceful "Black Lives Matters" protesters, which has apparently happened in other rural towns (e.g., Klamath Falls).

I think you should resign because of your conduct or, at the very least, issue a public apology.

Thanks for your time,
