**CAUTION:** This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

All,

Our city and CDA were papered with a number of large Patriot Front posters that advertises the website patriotfront.us. The Patriot Front has been listed as a white-nationalist organization and has some III% undertones ([Patriot Front \(adl.org\)](#)). In Post Falls, these poster were found on electrical junction boxes, so by city code, they were against the law and removed by patrol officers. If you come across these and the posters are in an illegal location, please remove them.

If you happen to see someone posting these posters, please attempt an FI.

Thanks!
