Michael/Millie,

FYI – Attached are the hotel letters for the Xi visit. As Mike notes, the names and dates have shifted since the attached, but I want to pass along to give you a basic idea of who is where and the expected costs.

Best,

Tom

Tom – Please see attached.

- 1) Mar-a-Lago (RON/Senior Staff)
- 2) Tideline (Press)
- 3) Hampton Inn/Hilton Garden Inn (HUB)
- 4) Hyatt (Overflow)

It sounds like the manifest is changing a bit and a lot of people are going to depart tomorrow. McEntee is likely to shift over to MAL.

Is it easiest for you if we update these letters to reflect the final locations and dates of State-funded travelers?

Below is the hotel manifest for tonight. Note: Dates will likely change.

The State Department spent more than \$15,000 to book 19 rooms at the new Trump hotel in Vancouver when members of President Trump's family headlined the grand opening of the tower in late February.

The hotel bookings — which were released to The Washington Post under a Freedom of Information Act request — reflect the first evidence of State Department expenditures at a Trump-branded property since President Trump took office in January.

The department redacted many of the details on the invoice from the U.S. Consulate General in Vancouver and declined to provide additional information about the nature of the State Department's presence at the hotel. Although the Secret Service is responsible for protecting the president's family, the State Department provides assistance with security and logistics for international trips.

The president's sons, Donald Jr. and Eric, their spouses, and the president's daughter, Tiffany, were flanked by a heavy security presence on Feb. 28 during a ribbon-cutting ceremony and a VIP party hosted by developer Joo Kim Tiah, the son of one of Malaysia's wealthiest businessmen.

Since his inauguration, Trump has spent much of his free time at his private business properties, ranging from his Mar-a-Lago club in Florida to his golf courses in Virginia and New Jersey. Meanwhile, Trump's sons — Donald Jr. and Eric — have traveled to Dubai, Vancouver, Uruguay and Ireland to promote the family's real estate empire.

Such business trips by Trump's children have put U.S. government agencies in a necessary — albeit potentially awkward — arrangement of engaging in taxpayer-funded transactions with the president's private company while at the same time protecting the president's immediate family. The president has refused critics' demands to divest his assets and has instead placed his business empire into a trust controlled by sons Don Jr. and Eric.

Last week, the outgoing head of the Office of Government Ethics, Walter M. Shaub Jr., told CBS News that he believes there is "an appearance that the businesses are profiting from his occupying the presidency."

The Trump Organization does not own the Trump International Hotel and Tower in Vancouver but instead has a management and licensing deal. Trump's most recent financial disclosure reflects that he earned more than \$5 million in royalties from the Vancouver project during the last reporting period, which covers the year 2016 through April 2017.

[It's got bad karma: Vancouver officials shun Trump-branded hotel grand opening]

A State Department official did not answer questions about who stayed at the Trump hotel and the reasons for their stay.

"Embassy and consulate personnel work with the Secret Service to provide assistance on security matters as necessary for conditions in the particular host country," the official told The Post. "Our policy is not to discuss the details of security matters."

A spokeswoman from the Trump Organization declined to answer questions about how the Trump family paid for their rooms and what type of assistance the State Department provided the family on their business trip.

I defer to you on who makes the call. Ed from MAL spoke with PTS earlier this week about some billing questions, but given the FAR component, it may have more weight coming from your shop. Let me know what you think.

Afraid if Maralargo wants to be paid, they will need to bring the amount for State under \$3500.

They need to understand that is our max limit BECAUSE they are unwilling/unable to accept a PO or BPA due to the FAR clauses.

No, the cost for the ballroom is only \$500; all of the rest are PTS expenses, so our final total is \$3,750, which is over the limit.

Thanks Tom – so total cost of the shared function space was \$4,000 and the Press Corp is responsible for paying half. Is that right?

If so, this appears to be good news as it puts the cost below the AQM purchase card limit of \$3,500.

Hi Renee,

Hope this finds you well. Michael asked me to send to you the invoice that Mar-a-Lago sent to PTS for the function space usage for President Xi's visit. Along with that, I'm also attaching files that show how the space was used. Since both staff and the WH Press Corps made use of the Grand Ballroom on Friday, the press corps will bear half of the cost for that room for that day. Please let me know if you have any further questions.

Here's our note back...I did not copy the whole group. If you both agree, I'm happy to send out.

If the cost of the meeting rooms exceed \$3,500.00, I am not sure using Millie's purchase card for the meeting rooms is the right way to go. In the past we've applied her card as a payment mechanism connected with a signed contract document that the hotels signed. Under \$3,500.00 should be fine. At the all hands meeting which included Dennis, he made it clear that we cannot split the purchases in order to keep the cost under \$3,500.00.

Renee,

Ed Raymundo, Director of Finance at Mar-a-Lago confirmed this morning that they will accept A/PTS' CBA credit card to pay for hotel sleeping rooms/lodging only. A/PTS' current CBA card (used for official flights and car rentals) is now set-up for hotel sleeping rooms/lodging. CGFS has given A/PTS the green light to use our current CBA card to pay for the hotel rooms for the Japan and China visits until a new CBA card (used only for hotel sleeping rooms/lodging) is issued.

This is all great news and we're moving in the right direction, however, the function space issue still looms. Historically, we have used Millie's purchase credit card to pay for the hotel rooms, function space and other items needed in support of domestic visits. Is this a viable option moving forward to fund function space? If not, can AQM provide a solution on how best to address paying for the function space?

Regards,

Good morning Chris –

PTS has received the attached good news from CGFS Chuck Stowell.

Thank you very much for your help in identifying a solution to assist PTS with support of future POTUS/VPOTUS travel!

Since PTS may be waiting a month or more to receive the assigned CBA travel card, is CGFS able to pay for previous Mar-a-lago lodging invoices?

(Two trips –Japan and China - one that includes lodging for S and S staff.)

As Michael Dobbs mentioned previously, while PTS does make reservations for S and S staff when securing a block of rooms for POTUS/VPOTUS travel, historically PTS has not been responsible for payment of S lodging or otherwise covering related DOS travel expenses.

Going forward, A Bureau will work with S/ES on procedures for covering costs for S and S staff lodging associated with POTUS/VPOTUS travel.

Thank you,  
Renee

Hi Chris –

Ref our discussion yesterday and following email exchange.

It appears WH is using a government purchase card to pay for staff lodging at Mar-a-largo. Per note below, they are doing so in \$10,000 increments.

As stated by Cathy and Dennis yesterday, this is not a payment option we/State have FAR authority to follow.

You mentioned a CBA travel card that might be used to pay for lodging costs incurred by WH staff during recent Japanese and Chinese delegation visits to Mar-a-largo.

Could such a card be issued to PTS to pay consolidated lodging invoices for reservations made by PTS on behalf of POTUS and/or VPOTUS travel?

Thank you,  
Renee

Meals are separate through our travel system. And the hotel sends us an invoice that breaks out each travelers amount due.

Renee,

Ed Raymundo, Director of Finance at Mar-a-Lago confirmed this morning that they will accept A/PTS' CBA credit card to pay for hotel sleeping rooms/lodging only. A/PTS' current CBA card (used for official flights and car rentals) is now set-up for hotel sleeping rooms/lodging. CGFS has given A/PTS the green light to use our current CBA card to pay for the hotel rooms for the Japan and China visits until a new CBA card (used only for hotel sleeping rooms/lodging) is issued.

This is all great news and we're moving in the right direction, however, the function space issue still looms. Historically, we have used Millie's purchase credit card to pay for the hotel rooms, function space and other items needed in support of domestic visits. Is this a viable option moving forward to fund function space? If not, can AQM provide a solution on how best to address paying for the function space?

Good morning Chris –

PTS has received the attached good news from CGFS Chuck Stowell.

Thank you very much for your help in identifying a solution to assist PTS with support of future POTUS/VPOTUS travel!

Since PTS may be waiting a month or more to receive the assigned CBA travel card, is CGFS able to pay for previous Mar-a-largo lodging invoices?

(Two trips –Japan and China - one that includes lodging for S and S staff.)

As Michael Dobbs mentioned previously, while PTS does make reservations for S and S staff when securing a block of rooms for POTUS/VPOTUS travel, historically PTS has not been responsible for payment of S lodging or otherwise covering related DOS travel expenses.

Going forward, A Bureau will work with S/ES on procedures for covering costs for S and S staff lodging associated with POTUS/VPOTUS travel.

Thank you,  
Renee

Hi Chris –

Ref our discussion yesterday and following email exchange.

It appears WH is using a government purchase card to pay for staff lodging at Mar-a-largo. Per note below, they are doing so in \$10,000 increments.

As stated by Cathy and Dennis yesterday, this is not a payment option we/State have FAR authority to follow.

You mentioned a CBA travel card that might be used to pay for lodging costs incurred by WH staff during recent Japanese and Chinese delegation visits to Mar-a-largo.

Could such a card be issued to PTS to pay consolidated lodging invoices for reservations made by PTS on behalf of POTUS and/or VPOTUS travel?

Thank you,  
Renee

Here's our note back...I did not copy the whole group. If you both agree, I'm happy to send out.

If the cost of the meeting rooms exceed \$3,500.00, I am not sure using Millie's purchase card for the meeting rooms is the right way to go. In the past we've applied her card as a payment mechanism connected with a signed contract document that the hotels signed. Under \$3,500.00 should be fine. At the all hands meeting which included Dennis, he made it clear that we cannot split the purchases in order to keep the cost under \$3,500.00.

Good morning Chris –

PTS has received the attached good news from CGFS Chuck Stowell.

Thank you very much for your help in identifying a solution to assist PTS with support of future POTUS/VPOTUS travel!

Since PTS may be waiting a month or more to receive the assigned CBA travel card, is CGFS able to pay for previous Mar-a-lago lodging invoices?

(Two trips –Japan and China - one that includes lodging for S and S staff.)

As Michael Dobbs mentioned previously, while PTS does make reservations for S and S staff when securing a block of rooms for POTUS/VPOTUS travel, historically PTS has not been responsible for payment of S lodging or otherwise covering related DOS travel expenses.

Going forward, A Bureau will work with S/ES on procedures for covering costs for S and S staff lodging associated with POTUS/VPOTUS travel.

Thank you,  
Renee

Hi Renee-

We're checking the CBA possibilities/capabilities and will let you know.

Thx

Chris

Hi Chris –

Ref our discussion yesterday and following email exchange.

It appears WH is using a government purchase card to pay for staff lodging at Mar-a-lago. Per note below, they are doing so in \$10,000 increments.

As stated by Cathy and Dennis yesterday, this is not a payment option we/State have FAR authority to follow.

You mentioned a CBA travel card that might be used to pay for lodging costs incurred by WH staff during recent Japanese and Chinese delegation visits to Mar-a-lago.

Could such a card be issued to PTS to pay consolidated lodging invoices for reservations made by PTS on behalf of POTUS and/or VPOTUS travel?

Thank you,  
Renee

I'm leaving here at 930 for TDY; so have time in the am...but using the travel card as Chris suggested is much better than trying to use any purchase card....

Meals are separate through our travel system. And the hotel sends us an invoice that breaks out each travelers amount due.

WH is paying for the rooms via credit card authorization form. They can only charge our cards in \$10K increments.

Hope that helps.

Julianne,

Thanks for the clarification. Attached is an excel summary sheet with two tabs summarizing A Bureau State Department personnel expenses. Tab 1 is the Japanese PM trip and Tab 2 the Chinese Premier trip.

The pdf are the supporting documents. If they need all State expenses supporting the White House, we have a lot more transactions that we're working on just in case. Let me know if you need anything else.
